ALEXANDRIA, VA., WEDNESDAY EVENING, MAY 9, 1906.

PRICE 2 CENTS.

Dr. Pierce's Favorite Prescription.
Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for women's diseases, the ingredients of which have been the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely free if you request by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty, that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are free for the asking.

If you suffer from periodical headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weak catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

WASHING WITHOUT WATER
Is Like Trying to Get Rid of Dandruff Without Herpelide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germ which causes it, with Cantharides, Vasoline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpelide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the only hair cure which contains germicide manufactured.

Sold by leading druggists. Send 10c. for sample to The Herpelide Co., Detroit, Mich.

Murder and Suicide.

Mrs. Edward P. Massa, wife of a foreman in the Ohio Brass Works, and Lorenzo D. Frasher, a prominent building contractor, were shot to death in the kitchen of the woman's home, in Mansfield, Ohio, early yesterday evening. Everything indicates that it is a case of murder and suicide; that Frasher first killed the woman and then turned the weapon upon himself.

Mrs. Massa had been at work preparing supper, as it was nearly time for her husband to get home from his work. The table was spread, the dishes in their places, the bread cut, and the milk poured out.

The Massas and Frashers were neighbors, and always seemed to be the best of friends. Coroner Goodman said last night that Frasher was much enamored of the woman, and probably killed her because she repulsed him.

Edward Massa, the husband of the murdered woman, was much enamored of her when he saw the crowd. When he had ascertained the cause, with an exclamation of horror, he started on a run for the house. As he looked in at the kitchen door and saw the bodies lying there he fainted.

Frasher was about forty-six years old, and leaves a wife and one son, aged nine.

The affair created a profound sensation in Mansfield, coming as it does only a few weeks after the murder of Grace Zellner by her lover, Roy Shands, who immediately thereafter killed himself.

Methodist Doctrines.

At Monday's session of the general conference of the Methodist Episcopal Church South in Birmingham, Ala., a resolution concerning the preparation of a new statement of the doctrinal faith of Methodists was introduced by W. F. Tillet and W. R. Lambuth, of the Tennessee conference. It says:

"While reaffirming our absolute faith in our articles of religion, we do not believe that in their present form they meet the existing needs of our church as a statement of the doctrinal system of evangelical methodism. Believing that the different branches of world-wide methodism that are presented in an ecumenical Methodist conference can and should unite in the preparation of such a statement of our common faith as is needed, and believing that this general conference should take such steps as may be necessary to secure in the early future the co-operation of other representative Methodist churches, we therefore request a committee of five members, which shall invite other branches of Methodism to unite with us in the preparation of such a statement of our faith."

A special committee was created to consider the matter.

Derrick Wrecked.

As a result of strike troubles among the structural iron workers, a derrick at the Cambria Steel Works was wrecked at Johnstown, Pa., Monday, besides destroying about \$2,000 worth of property, the lives of a number of workmen were endangered. F. J. McElhatton, an employee of a Pittsburgh contracting firm, is under arrest, charged with malicious mischief in causing the wreck. The iron workers employed in erecting a building for the steel company at Johnstown have been on strike since May 1. Yesterday morning, however, the men returned to work on the open-shop basis, all other demands having been met. McElhatton was the only one that held out, and, it is alleged, that, in the absence of the superintendent, he entered the engine room and released a drum that contained the cable controlling a boom eighty feet long. The boom fell with a crash upon the framework of the building, carrying much of it to the ground, and breaking the boom in three places.

Killed in an Elevator.

Charles N. Grover, an insurance agent from Philadelphia, was killed in a passenger elevator of the Victoria Hotel, New York, early last night. Mr. Grover and Frederick D. Savage, a business associate, stepped into the elevator together about 6:30 o'clock to go to Grover's room on the third floor. Just as the elevator passed the second floor Mr. Grover was heard to groan and to topple over as if in a faint. He fell forward, and before the startled elevator boy could stop the car the insurance man's head had been crushed between the third floor and the bottom of the elevator. Thomas Fitzgibbons, the attendant, finally managed to reverse the elevator, and it shot downward with great speed, and the boy fainted as he reversed it. Fitzgibbons became temporarily insane from the shock. The body of Grover was hurled back into the car, which stopped when it reached the basement floor.

Unordained Preachers.

The General Conference of the Methodist Episcopal Church South in Birmingham, Ala., passed its first law yesterday when it conferred in the main report of the revisals committee as amended powers on unordained preachers. Under the new law preachers who have not been ordained may preach the gospel, celebrate the rite of matrimony and, in the absence of an elder or bishop, administer baptism, control the appointment of all services to be held in the church in his charge, with the understanding that no permanent powers of ordination are conferred until the same shall be granted by the laying on of hands after he shall have met the disciplinary requirements.

The committee on itinerancy reported non-concurrence in a series of resolutions enlarging the functions of the Annual Conference and regulating the exercise of transfers by the bishop. The committee also nonconcurred in memorials suggesting that authority be restored to the Quarterly Conference to license local preachers.

The Epworth League committee reported concurrence in certain changes suggested for the discipline.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' drugists.
